WELCOME MESSAGE

Veronica Griffin
Vice President of Education

Dear Parents,

Welcome to Achievement Zone, Copperstone Education's premier summer enrichment program!

We are excited to partner with you in supporting your child's academic growth during the summer break. Our goal is to strengthen foundational skills in reading, writing, and math—while creating a fun, engaging, and confidence-building experience for students in Grades 3–8.

Research shows that long breaks from school can lead to summer learning loss, especially in core subjects. That's why structured academic enrichment is essential—it helps students retain knowledge, reinforce key skills, and return to school better prepared for success.

With small group instruction, personalized learning paths, and guidance from caring, certified educators, Achievement Zone is designed to ensure every student makes meaningful progress while enjoying a positive, supportive environment.

We're thrilled to have your child join us this summer, and we look forward to a season of learning, growth, and fun!

Warm Regards,

A handwritten signature in black ink that reads "Veronica Griffin".

Veronica Griffin, M.Ed

Vice President of Education

WHAT IS SUMMER SLIDE?

Why It's Important...

Summer learning loss, often referred to as the "summer slide," occurs when students experience a decline in academic skills and knowledge during the extended summer break.

Learning loss is particularly noticeable in subjects like reading and mathematics. American Educational Research Journal has indicated that students can lose up to 40% of a school year's learning over summer break.

Average summer losses range from losses of one to two months in reading and a little more than one to three months of school-year learning in math.

How Achievement Zone Prevents Learning Loss...

Skills-based summer enrichment programs such as the Achievement Zone by Copperstone Education provide a vital boost to student development and academic growth.

Achievement Zone students engage in stimulating and dynamic activities, reinforce existing knowledge and explore new subjects, leading to enhanced skills, improved retention, and an increased overall confidence.

Achievement Zone's structured skill reinforcement gives students a distinct advantage over peers after summer break.

ACADEMIC SUMMER CAMP

"Academic enrichment
has never been more
fun!"

✓ KHDA-Approved Program

✓ Aligned with NWEA MAP

✓ Affordable 2-Week Sessions

✓ Certified Teachers

Eli Ghazel
VP Curriculum Design
Copperstone Education

"The Achievement Zone is a structured summer program that is essential to keeping students intellectually active and their skills sharp. Students will have fun and socially interact while maintaining their academic momentum and enter the new school year confident and poised for continued success."

ACHIEVEMENT ZONE

It Works!

Dr. Chassie Selouane
International School Leader
US Curriculum Expert

"Achievement Zone provides a research-backed, proven system designed to significantly enhance student achievement and well-being, effectively combating the 'summer slide.' Its flexible, self-paced structure ensures personalized growth for every student, regardless of whether they're catching up, maintaining progress, or excelling. I highly recommend this program for all students in grades 3-8, as it fosters academic resilience and success."

Misti-Dawn Curry
US Curriculum Strategist
International School Consultant

The Achievement Zone leverages cutting-edge technology, paired with the expertise of highly-skilled professional teachers, to create a dynamic and personalized learning experience. This strategic combination ensures targeted instruction, driving significant student progress in reading and math, and fostering a substantial boost in overall academic confidence.
