ACCESS AND PREPARATION FOR LIFELONG SUCCESS

Founder and CEO, Board Member

EDUCATION WITHOUT BOUNDARIES

At **Copperstone Education**, we believe that every student deserves access to exceptional learning opportunities, regardless of where they begin their journey.

Technology has transformed the way education can be delivered—breaking down physical barriers, personalizing learning, and building connections more accessible than ever before.

Yet while technology expands access, it is people who create impact.

It is the teachers, mentors, and communities that drive students to grow, we remain guided by a simple mission: to make world-class educational opportunities accessible, more personal, and more transformative for every learner we serve.

Technology expands access, but people create impact.

WHO WE ARE

Copperstone Education is an accredited educational organization dedicated to expanding access to high-quality learning opportunities for students, schools, and communities across the Middle East, Africa, and beyond.

Powered by a global network of educators, industry leaders, and accredited academic partners, we deliver innovative educational pathways that help students achieve success in higher education, future careers, and lifelong learning.

Our programs include American high school diploma pathways, flexible credit options, Advanced Placement courses, SAT preparation, subject mastery, and postsecondary support—support across a broad range of subjects, services, and academic areas.

At every stage of the student journey, Copperstone remains committed to helping learners develop the knowledge, confidence, and character needed to thrive in an ever-changing world.

U.S. DIPLOMA PATHWAYS

Copperstone Education offers accredited American high school diploma pathways that open doors to global university opportunities.

National Curriculum

Your current education provides a strong foundation.

AMERICAN DIPLOMA

Add a small number of credits to earn an accredited U.S. high school diploma.

EXPANDED UNIVERSITY OPPORTUNITIES

Access more universities. More programs. More possibilities.

DUAL DIPLOMA PATHWAY

Many students require only five additional credits to earn an American diploma alongside their national credential.

A small investment.

A life-changing advantage.
