A Student's Story – Samuel

My family relocated from Saudi Arabia to the UAE in the middle of the school year, and finding a school before my residence visa was issued was extremely difficult. Copperstone enrolled me using only my passport, and I was able to begin my classes within two days. I quickly discovered that I enjoy online learning, and I hope to continue studying with Copperstone next year.

A Student's Story – Maria

I chose Copperstone because I run an online business and needed a more flexible schedule. At my previous school, I couldn't focus on my business until after 4:00 p.m. Now I complete my coursework in about four hours each day—two hours in the morning and two hours after dinner. My grades have improved, I'm learning more than ever, and I finally have the balance I was looking for. Thank you, Copperstone!

Maria – Grade 12
